How To Order

Just call us toll-free on...

**1 800 252-872 for City or
1 800 670-572 Parramatta**

Aussie-wide, telephone ordering!

If you have a Credit Card, you can order goods over the phone from anywhere in Australia. We accept Bankcard, Visa, Mastercard and American Express for phone orders. This is the quickest method of buying and your order will usually leave that same day. It's a free call to order from outside the 029 area code, just dial the 1 800 numbers above from 10am, Monday to Saturday. Please have your credit card handy.

NB: Minimum phone order is \$20.00 plus freight.

Mail ordering!

If you don't have a credit card, mail ordering is the next most convenient ordering method. All you have to do is carefully fill out the enclosed mail-order form. If a small delivery charge is needed, call first and we will give you an immediate quote. With a mail-order you can pay by personal cheque, bank cheque, credit union cheque, money order or postal order. Never ever send cash in the post. Please call us if you need help. **NB: All personal or company cheques will be cleared before goods can be despatched. This can take up to 10-working days. Send a bank cheque if you need your goods faster. Call if you need more information.**

FAX ordering is also very fast!

Fax ordering is ideal for schools, churches or other institutions and is open 24-hours a day, 7-days a week. Just complete the order form you received with your catalogue and fax it through. Our fax numbers are..... **City (02) 9267-7034, Parramatta (02) 9635-3051.**

Direct ANZ Bank Deposit....call for details!

This is the quickest method of payment if you don't have a credit card as your order will usually leave the same day. If you have an ANZ Bank in your town or city, you can deposit the money directly into our bank account. Just give us a free call on the numbers above and we'll give you the details needed to complete your transaction.

3 month layby with a 20% deposit

We offer a 3 month interest-free layby on MOST items we sell. The minimum layby sale is \$200. All we require is a 20% deposit. Unfortunately on certain sale items we are unable to offer this facility please just call to check. We happily run laybys for our country and interstate customers just give us a call for more details. It's easy.

Internet Ordering

We have a secure payment system in place for all your internet orders. Our website address is: **www.venuemusic.com.** Our Email address is **anyone@venuemusic.com.**

How We Deliver

We deliver Australia wide...EVERYDAY!

Fast, 100% safe delivery is guaranteed

Your order is important. It doesn't lie around in a pile gathering dust. Over 90% of all orders are shipped the same day. We very carefully pack each item and all goods travel fully insured to your home or workplace. We are experts at safe delivery and have delivered 1,000's of guitars, amps, keyboards, mikes, drums etc to customers in every town, village and city in every Australian state and territory. Your goods WILL always arrive safe and sound every time from Venue Music, we guarantee it. Give it a try and save!

Free C.O.D. delivery in metro Sydney!

We offer fast free COD (cash on delivery) in the 029 area code (Sydney metropolitan) but only for orders \$500 and over. Only cash or bank cheque payment is acceptable for COD. Please call your closest store to arrange it with the manager.

Tax Free for Schools and Churches etc

The tax free prices you see listed are for individuals, schools, churches & organisations who qualify for Government Sales Tax exemption. We do enormous school and church business into every Aussie State and Territory. Please fax us your order clearly stating the 'Schedule' and 'Item Number' under which you are claiming tax exemption (original must also be posted). We will then despatch your goods (usually with a 7-day invoice attached). Please call if you need any further details on how to buy tax free.

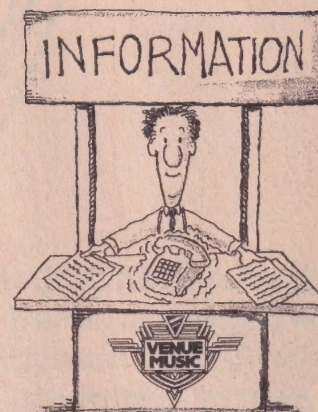

Duty Free....NB: City store only!

You can buy most catalogue items duty free and save up to 40% off normal retail prices. Just like buying a camera or a watch but Duty Free shoppers must visit our City store to make their purchase. All we need is your passport, ticket and money so we can process the sale. Just call in to our Drufft St. Sydney store 5-days a week from 10-3pm. Don't forget your documents. No documents, no sale. Minimum duty free sale is \$300 **NB: Duty Free goods MUST leave the country with you!**

AGC Instant No Deposit finance (TAP)

No money, no problem. We can arrange instant, no deposit finance to approved personal purchasers. Please note: AGC finance is only available to personal shoppers. You must visit the store in person to apply.

How We Help

Australia's best pricing policy. Just call!

Great prices are our prime objective. We know that you want the best deal you can get and we try very hard to make it happen. Remember our pricing policy means that if you get offered a better price always call us before you buy. **We won't be undersold on any genuine deal no matter where you live!**

Australia's biggest range...by far!

We have over \$3 million worth of stock ready for immediate delivery. Australia's largest range of most major product lines. No more disappointment. No more.... "I can get one in for you mate". We have tons of stock on display and a warehouse full of back-up stock. People visit our stores and walk around with their tongues hanging out. Come and see for yourself!

Australia's best service...!

Our staff are the best in the industry. You will not find more helpful or more knowledgeable people. All our staff are musicians who have had real stage and studio experience so they actually know what they're talking about. We offer honest advice without attitude to everyone we deal with. Whether you're a pro muso or someone buying their first guitar, you will be served in exactly the same way. We want your business and we'll work hard to get it and to keep it.

Australia's best customers!

Yes you...without customers we wouldn't have a Venue Music and you wouldn't be getting this catalogue. Our customers are important and the best advertising for any business is a satisfied customer. By the way, if you have a friend who would like a catalogue, give us a call.

Australia's best quality!

We only sell quality. We only recommend quality and we only stock quality. If you find a product in this catalogue or on the shelves of our shops you can be assured that it is the best quality product you will find for the money. All our stock is very carefully selected. We are not interested in selling you rubbish.

This catalogue is produced in good faith but due to circumstances beyond our control some items may be sold out or unavailable by the time you read this information. If this occurs Venue Music will make every effort to supply you with goods as soon as possible at the original advertised price should they become available again. All prices in this catalogue are subject to change without notice. Venue Music will not be held responsible for any errors in pricing, illustration or description contained in this catalogue. The entire contents of this catalogue are copyright protected. This catalogue supersedes all previous catalogue offers. Venue Music Pty Ltd ACN 002 168 185

BEST WAH PEDALS

Danelectro 'Dan-Echo'
The new Dan-Echo reproduces that cool vintage tape-echo effect. The warmth of an all-tube echo with the convenience of a pedal. Hi-cut control cuts high-frequencies perfectly simulating the tone of a 1960's era tape delay but without the annoying background hiss of the originals. Battery included. Aussie-wide warranty. **\$229 with FREE delivery!**

Danelectro 'Dan-O-Matic'
Sensational new automatic tuner in a pedal. The retro '50s era back-lit meter guides you to perfect tune everytime. Choose from mute or non-mute output. Footswitch activates tuning and cuts sound to mute output for silent stage tuning. Fully automatic & chromatic for detuning on the fly. Easy-to-see on stage in the dark. Battery included. Aussie-wide warranty and our 10-day money-back, satisfaction guarantee. **\$159 with FREE delivery!**

BEST DISTORTIONS

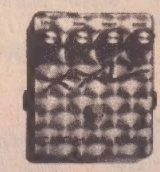

BOSS MT-2 'Metal Zone'
Hugely popular mega-strong metal style distortion with massive control over tone and drive. If you're looking for a red hot aggressive overdrive you just found it. Battery included as well as Aussie wide free delivery. 5yr warranty. Optional power supply add \$29 **\$237 with FREE delivery!**

The 'RAT' from ProCo
The original 'RAT' is back. This pedal was taken off the market in the 1980's but not before it developed a huge cult following. The original RAT screams with a really tone rich distortion that's tighter and cleaner if you get my drift. Superb for lead soloing. 3 yr warranty. Needs 9v battery. **\$199 with FREE delivery!**

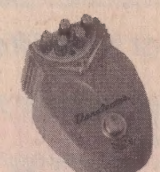

The 'Big Muff' by Sovtek
The 'Muff' is back. The original was made in the 1970's by Electro-Harmonix USA & was a huge chrome thing. Now made in Russia by Sovtek and it's green...yeah really. Oh but what a great sound. Massive bottomy sound with huge powerful crunch. 1 year warranty. Needs 9v battery. **\$159 with FREE delivery!**

The SansAmp 'XXL'
What a great stomp box. Loaded with huge harmonic control over meaty traditional distortions, dirty fuzzes, classic tube overdrives etc. Very tone rich and ideal for lead guitar. 1 year Aussie wide warranty. Needs 9v battery or adaptor. Excellent choice! **\$249 with FREE delivery!**

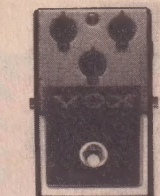

The SansAmp GT-2
Every type of distortion you could ever wish for in one great sounding box! You select the type of amp you want to overdrive, you have control over the eq, you dial up the right amount of drive and then turn it on. Built tough in the USA. 1yr Aussie wide warranty. **\$449 with FREE delivery!**

Danelectro 'Daddy O'
The coolest sounding coolest looking tube-style overdrive around. A HUGE 3 tone controls gives you unlimited tone punch with more control. Retro styling with more chrome than a Cadillac. 9v battery included. 3yr Aussie wide wnty. **\$159 with FREE delivery!**

Danelectro 'Fab Tone'
This little screamer pumps out buckets of tube style distortion with tons of tone quality. Cool retro styling with chrome highlights over a very 1950's purple colour. Heaps of control over level, tone and distortion amount. 9v battery included. 3yr Aussie wide wnty. **\$159 with FREE delivery!**

VOX 'Distortion Booster'
VOX 'Valve-Tone'
A blistering hard edged distortion or if you prefer a warm valve tone overdrive...you choose from these two excellent new analog pedals by VOX. Both deliver a strong natural sound with a richer harmonic content for the slightest change in picking attack! 1 year Aussie-wide warranty. **\$145 with FREE delivery!**

E-Bow...At last they're back!

The new RP-7 VALVE is the first affordable tube-loaded multi-effects processor for guitar. At it's heart is the same preamp tube that powers all famous amps like Marshall, Fender & Boogie to create classic tube overdrive. You get 4 pumpin' tube distortions plus 4 blistering solid-state distortions to choose from. From stunning warm, bright clean sounds to blazing tube mega-drive the RP-7 has the distortions you want plus gruesome Fuzz and Grunge. Other effects include Analog Compression, Wah-Wah, EQ, Chorus, Flanger, Phaser, Intelligent Harmoniser, Tremelo, Panner, Detune, Pitch-Shift, Whammy, Digital Delays and Digital Reverbs...all featuring Digitech's superior S-DISC II processing power. You also get Programmable Speaker Emulation and a Chromatic Tuner. No other processor on the market can outgun this awesome new unit at this low Venue price. 1yr Aussie wide warranty and 10-day, money-back satisfaction guarantee. **TaxFree \$799**

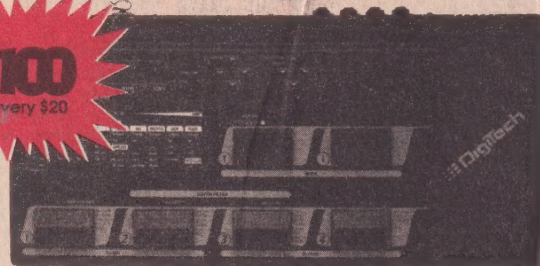

BP-8 Valve Bass Multi-Effects Unit**NEW!**

At last DIGITECH have delivered on a ripper of a tube-loaded bass multi-effects floor unit. You won't believe the quality bass effects power they've crammed into this one amazing box...it will transform your bass sound!

Start with warm analog compression then move to the Tube or Solid-State preamps with PHAT grunty overdrives, distortions plus Grunge, all with massive 4-band EQ...all programmable plus notch filter so you can pull virtually any bass sound imaginable. Add to this a myriad of studio-quality digital effects like chorus, flange, delays, reverbs, pitch-shifting plus Whammy, plus auto-wah and pedal-wah plus phaser, detune, and an automatic tuner. The sensational sound quality comes from Digitech's famous S-Disc processing power. All housed in a grunty all-metal casing so it'll hang forever. In stock now. Aussie-wide warranty and Aussie-wide 10-day money-back satisfaction guarantee. **TaxEx \$919**

Valvestate 15w \$279
 Hottest 15 watts on the market! It just screams with a quality overdrive you would expect from Marshall. The perfect small amp for bedroom jams or rehearsing. Tuff 8 inch speaker, head-phone output, line output, contour control for heavy metal crunch with 'scooped' mids. You'll love it.
 1yr Aussie-wide warranty.
 Were \$349 **TAX FREE \$244**

Valvestate 15w Reverb \$316
 Adding reverb to the hottest 15 watt amp on the market will make your guitar sound even better! You get all the features of the amp above but with the added depth of a real spring reverb. Tuff 8 inch speaker, head-phone output, line output, contour control for heavy metal crunch with 'scooped' mids. You'll love it. 1yr Aussie-wide warranty.
 Normally \$395 **TAX FREE \$276**

Valvestate 30w Reverb \$439
 Boy does this 30w amp kick some serious butt! You just cannot get a better sounding 30 watt that will out-gun this baby. Blistering degrees of quality footswitchable Marshall overdrive & enough power to do small gigs with. Genuine UK Celestion 10 inch speaker, reverb, 2 sets of tone controls, line-out, head phone out and more. It's a little ripper.
 1yr Aussie-wide warranty.
 Normally \$549 **TAX FREE \$385**

Valvestate 65w Reverb \$759
 Outrageous deal on this excellent 65 watt amp with genuine tube preamp and enough power to do most gigs with...this is our best selling Marshall model. Footswitch from a strong clean sound to a nasty tube soaked overdrive the other amps just can't duplicate. This amp wails. You also get reverb, an effects loop, line out, headphone out and a bigger 12 inch speaker. Free footswitch. Top amp.
 1yr Aussie-wide warranty.
 Normally \$949 **TAX FREE \$665**

Valvestate 100w Reverb \$959
 The most popular Marshall amp ever made. The VS100R continues to sell as fast as we can get them because nothing else on the market can deliver you so much for so little...check it out...! Loaded with a real tube preamp with 3 foot-switchable channels so you can pull any sound you need from clean to tube filthy. Dual reverb controls, effects loop, line out, extension speaker out. Free footswitch. This amp is a real winner!
 1yr Aussie-wide warranty.
 Normally \$1195 **TAX FREE \$836**

Valvestate 130 watt with Stereo Chorus & Stereo Reverb \$1279

This is a great deal on a great amp. Loaded with a classic Marshall tube preamp kicking 130w through two 12 inch speakers. To top it off you get lush stereo chorus and reverb. Fully footswitchable to all 3-channels means that this Marshall is mega-versatile as well as mega-strong. Free footswitch. My favourite. 1 year Aussie-wide warranty.

Marshall BASSSTATE..BASS AMPS

Bass-State 30 \$479
 Pumpin' 30w bass combo loud enough to jam with. Strong 3-band EQ, custom built 10 inch speaker, effects loop, headphone socket, line out...this thing is packed with Marshall quality. Fat, smooth bottom end with vibrant highs. You'll love it. 1yr Aussie-wide warranty.
 Were \$599 **TAX FREE \$420**

Bass-State 65 \$719
 Now we're getting serious! Big strong 65 watts with heavy duty 12 inch speaker so it's loud enough for gigs. Strong EQ plus 5-band graphic for some real tone shaping. Built-in compressor means you can stay loud and clean or allow some natural power amp distortion to get through for a bit of bass overdrive. Effects loop, line out. Very nice medium sized bass combo. 1yr Aussie-wide warranty.
 Were \$899 **TAX EX \$630**

Bass-State 150 \$1099
 Valve plus solid-state preamp so you can 'mix' the exact amount of tube warmth and fatness into your sound. Huge primary EQ section with 'deep' and 'bright' switches plus a very strong 7-band graphic EQ so you get incredible tonal flexibility to suit any bass sound and style. Of course you need a bigger 15 inch speaker to handle this sort of power and to deliver the bottom end any serious player will demand for stage. Portable, flexible and high powered. 1 year Aussie-wide warranty.

100 watt Triple Super Lead

Introducing the new JCM2000 TSL 'Triple Super Lead' 100w head. Each of the TSL's three channels, CLEAN, CRUNCH and LEAD all feature full individual EQ, Volume and Gain controls rather like having 3 separate amps in one. You get full gain and tone control with NO compromise over each channel. The front panel is the most comprehensive ever fitted to a Marshall amp. You also get Tone Shift and Deep buttons, separate Reverb and Effects Mix controls for both the Clean or Crunch/Lead. The TSL series also feature a built-in Speaker Emulation/DI circuit with Power Amp mute for silent recording. The Virtual Power Reduction emulates a 'cranked-to-the-max' power amp of 25 watts so you can get that stack sound at lower volumes. This really is the ultimate Marshall amp capable of blowing away anything that stands before it. We love it! Also available in a 100w combo. Call for more details.

The new 100 watt Triple Super Lead Combo

Introducing the new JCM2000 TSL122 'Triple Super Lead' 100 watt combo. This is the new flagship of the Marshall range and destined to become the most talked about new amp for years...It is amazing. Each of the TSL's three channels, CLEAN, CRUNCH and LEAD all feature full individual EQ, Volume and Gain controls rather like having 3 separate amps in one. You get full gain and tone control with NO compromise over each channel. The front panel is the most comprehensive ever fitted to a Marshall amp. You also get Tone Shift and Deep buttons, separate Reverb and Effects Mix controls for both the Clean or Crunch/Lead. The TSL series also feature a built-in Speaker Emulation/DI circuit with Power Amp mute for silent recording. The Virtual Power Reduction emulates a 'cranked-to-the-max' power amp of 25 watts so you can get that stack sound at lower volumes. This really is the ultimate Marshall combo capable of blowing away anything that stands before it. The TSL122 breaks Marshall tradition by coming loaded with two different types of Celestion 12 inch speakers. Loaded with a Celestion Vintage 12 and a Celestion Heritage 12. Combining the tonal characteristics of these two speakers helps to reproduce the unique capabilities of this remarkable amp. To further complement the TSL122 Marshall have produced an extension cabinet loaded in the same way. The TSLC212 matches both visually and sound-wise with the TSL122 producing extra spread and depth of sound. All Marshall amps carry an Aussie-wide 12 month warranty. Don't forget to ask about our 10-day money-back satisfaction guarantee.

De Armond

DeArmond...who the *#@ is DeArmond?

The DeArmond name goes back nearly 50 years into the history of USA guitar manufacturing. Producing quality pickups for brands like Gretsch and Guild they became a bit of a 'ledge' with the original pickups now attaining cult status and fetching big bucks.

The Guild company purchased DeArmond some years ago and now that Guild is part of Fender, Fender have decided to build some very retro, very cool DeArmond guitars featuring original USA Guild guitar and DeArmond pickup designs. Most models in stock now!

The M-75T \$1299 (non-trem \$1099)

The M-75T (see left) looks a like an old 50's Gretsch and comes loaded with two classic DeArmond USA made pickups for a monster sound that will take you anywhere from clean to retro punkability!

The neck is really great to play and features expensive 'set-neck' construction just like a \$3500 Gibson Les Paul. A hollow sound chamber under the top of the guitar means a lighter-weight and a more acoustically 'live' instrument. This guitar really does look and sound great. The original style Bigsby tremolo completes the image and is surprisingly usable without any tuning problems. Choose from high-gloss black or sunburst or go wild with Blue Sparkle or Champagne Sparkle for an extra \$100.

Jet-Star Special Jet-Star Special Bass Jet-Star Jet-Star Bass

SALE	TaxEX
\$449	(\$359)
\$499	(\$395)
\$1099	(\$869)
\$1099	(\$869)

This classic 60's assymetric Guild body shape is totally unique and reissued once more for the guitarists of the 90's to enjoy. Choose from 2 guitar models and 2 bass models. The Jet-Star Special budget versions play well, offer outstanding value and come in black or transparent red. The more expensive Jet-Star (pictured) is loaded with dual USA made, DeArmond humbuckers and features expensive set-neck build quality. The choice of colours are Black, Crimson Red, Tyrian Purple and Moon Blue. If you're looking for something different that attracts bulk attention then come & check'em out.

Starfire (pictured) \$1299 (\$1026) Starfire Special (Bigsby Tremolo) \$1499 (\$1189)

An excellent new guitar. An exact replica of the Guild Starfire semi-acoustic. Choose from two models both loaded with USA made DeArmond humbuckers for a top quality sound to suit anything from jazz to blues to hard rock. The finish is superb and the attention to detail perhaps the best we've seen. The tailpiece is the original chrome Guild 'harp', the wider 'ears' on the cutaways are exact to the original...these are the little things that set these guitars apart. You also have the choice of an original 50's style Bigsby tremolo version. Colours are Black, Natural, Antique Burst and Crimson Red Transparent...it's a tough choice because it looks so darn good in all of them.

Starfire Special \$1499 (\$1189)

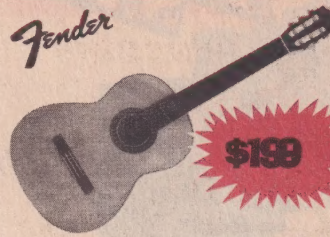

This new semi-acoustic features a single cutaway and comes standard with a Bigsby style tremolo system. Also loaded with dual DeArmond USA made humbuckers it delivers the perfect jazz/blues/rock sound and plays great! Colours include Black, Antique Burst and Crimson Red Transparent.

Fender

Acoustasonic

FENDER ACOUSTASONIC \$1299 (TaxEx \$935)

Designed to meet the demanding challenges of amplifying an acoustic-electric guitar, the 50 watt Fender Acoustasonic has quickly become the 'must have' amp for this job. It's exclusive 'String Dynamics' control responds perfectly to your attack, instinctively adjusting the high frequency output to compensate for varying textures of your acoustic performance. Individual notes ring with authority while the brittle tone and distortion often experienced with amplified acoustics are eliminated. It will really take your acoustic-electric sound to another level of sound quality.
SING through one channel...PLAY through the other....

The Acoustasonic provides 2 separate channels to allow performers to sing and play through one amp. Ideal for clubs, pubs, restaurants etc. Imagine no lugging with no sacrifice on sound quality because this thing makes both your guitar and voice sound great. You have full separate EQ for both channels and chorus and reverb controls.

5 year Aussie-wide warranty.

5 years is the biggest warranty in the amp business. Fender must be confident to give it this much warranty.

10-day, money-back, satisfaction guarantee....from day of delivery!

Only you can decide if this is the right amp. You need time to try it out in your own environment. We gladly offer 10-days for you to do so. 10-days from the day the amp is delivered. If you're not 100% satisfied we will take it back for a full-refund of the purchase price. Some simple conditions apply see the inside front cover for details about our 10-day free trial.

Maton

Maton

Maton

What makes a Maton guitar sound so good?

For over 50 years Maton have produced world-class guitars in Melbourne. This family owned factory still make guitars in the old fashioned way...by hand. They still insist on using the worlds best timbers (many from Australia) and they strive to make the lightest, strongest, loudest and tone rich guitars they possibly can! Every Maton guitar is painstakingly crafted and when it leaves the factory it is set-up for maximum performance so you can enjoy your new Maton right out-of-the-box. We are proud to be Australia's largest Maton dealers and urge you to consider buying one if you're looking for a guitar to own and enjoy forever.

The new Maton AP4 and AP5 preamps deliver the best sound available!

Maton have spent years developing the worlds best acoustic guitar pickup system. These two systems are fitted to all the Maton electric-acoustic guitars on this page. Here are the features of both...

AP4 Similar in concept to the AP5 below, the AP4 is the simpler version fitted to the Maton 125 and 225 Series Instruments. You get a mid-control to help eliminate troublesome feedback plus volume, treble and bass controls. The battery mounting is external and the 'soft start' circuitry reduces 'thump' through your amp when plugging and unplugging your guitar.

AP5 The AP5 features all the above features plus an active bass control circuit and top-end roll-off to help eliminate 'scratchy' sounds. The sweepable mid-range control can cut or boost to help kill feedback problems and 'boominess' when playing loud on stage. The AP5 uses externally mounted batteries providing more than 120 hours of continuous use.

Maton 125 Series

A brand new series from Maton that out performs anything else on the market in this price range. This is a great new model. Hand-made with a tone rich sound anyone will enjoy playing or hearing. Solid cedar tops, Queensland maple back, neck and sides. The warm natural satin finish lets the wood breathe better and deliver that richer Maton sound the other guitars lack. The electric version uses the AP4 pickup and preamp system (see above). 12 months Aussie-wide warranty and our famous 10-day money back satisfaction guarantee is also Australia-wide!

Handmade Spanish Guitars

The new ARIA CONCERT Classical guitars are made in Spain using timeless Spanish guitar making techniques. The top quality craftsmanship and hand finishing really do mean a superior sounding instrument with true sonic character. Only the best materials are used with bindings, center stripes and all decoration including the sound-hole rosette are hand carved.

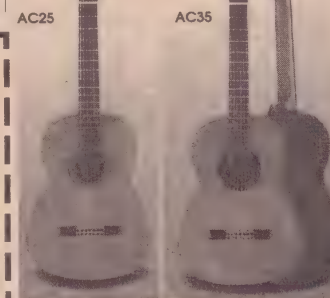

AC80

Aria AC-80 \$1399

This is great value for a stunning sounding, concert quality guitar anyone will enjoy playing forever. Hand made in Spain from solid timber featuring carefully selected solid spruce top with solid rosewood back and sides. This guitar just sings. It's both light and tone rich with explosive volume and attack when needed. The ebony fingerboard completes the quality look and finish. A fine instrument for serious lovers of the classical guitar. Australia wide warranty and our free 10-day home trial is yours from the day of delivery.

AC25

AC35

Aria AC-25 NEW \$569
Aria AC-35 NEW \$750
Aria AC-50 NEW \$950

Three extraordinary value guitars, all 3 hand-made in Spain. The AC-25 features a solid cedar top with Sapelli back and sides. The AC-35 is made using the same timbers but with a higher grade solid cedar top...both sound fantastic but the AC-35 has a slight edge in the lower register. Not many people know that the middle and lower register is where the better quality guitars start to shine through. It's relatively easy to make a guitar with acceptable treble response but it's much tougher to make one with a good quality bass response...that's where you should be listening for the quality. Call us if you need more help or advice on buying a quality classical guitar, no-one knows more or carries more. Australia wide warranty and our free 10-day home trial is yours from the day of delivery.

Handmade Spanish Guitars

The history of Rodriguez guitars is as rich as the tone-woods used to make them. A performance quality Spanish made guitar is the dream of anyone who loves the Classical style...now this dream is more affordable than ever before. Our City store is proud to carry these fine instruments in stock so please call and ask for Rob McMullan to discuss the superb Rodriguez range with you in person.

Handmade Classical Models

Chosen carefully from the world's finest timbers all the wood used to construct even the \$499 model is aged impeccably to ensure the highest quality sound. Because of their weight, hardness, stiffness and beautiful colour rosewood and cypress are selected for the backs and sides. Indian rosewood is particularly imparts the tone rich exquisite sound required for a concert quality classical guitar. Only the finest solid Canadian Cedar or German Spruce is used for the tops. Cedar delivers that unique explosive power of sound that makes Spanish made guitars the thoroughbreds they are. Spruce is often preferred by some for it's tonal complexity. Prices listed do not include cases. Quality trade-ins considered.

Handmade Flamenco Models

Lovers of Flamenco guitar will thrill to the sound of these beautifully made guitars. The Flamenco guitar is traditionally slightly thinner and more tonally volatile than the classical guitar with a 'brilliance' to the tone that delivers the cut and projection needed to get over the noise of the dancing. Prices do not include case. Quality trade-ins considered.

Save over 40% on Blues Cube Amps !

Here are 3 amazing deals on 3 top-quality amps that were selling for almost twice these low Venue Music prices. USA made and very carefully designed by Roland to deliver a professional sound for the Blues and Beyond, you won't get better value for your money but be warned, stocks are limited ! The new 'Tube Logic' circuitry delivers a far warmer tone and a creamier overdrive sound than any other solid-state amp we've heard...they really do sound good. Roland analyzed exactly how tube amps respond and captured the very essence of this inside the Blues Cubes. You can footswitch from a strong loud clean sound with plenty of headroom through to a Lead channel that can be adjusted to create the widest variety of sounds from bluesy overdrives through to industrial strength mega-metal drive. Even at the most extreme level of distortion all these amps remain tight and focused with excellent note-to-note clarity...it's a 'cleaner' type of distortion if you get my drift ? The speakers used were custom designed after intensive analysis of the vintage English 'bluecap' and 'greenback' speakers. When driven harder into 'soft' clipping, they generate a smooth breakup that sounds musical and rich even at high volume levels. You also get an effects-loop and reverb (on 60w versions). 12 months Aussie-wide warranty, 10-day Aussie-wide money-back satisfaction guarantee. Quantities are limited so be quick to avoid disappointment.

30 watts

Blues Cube 30/210 30 watts Normally \$999

Just look at this incredible low Venue price on this superb portable amp. You just can't beat this sort of quality at this price ! I bet you're saying that '30 watts isn't enough'...well you're wrong. This portable amp is probably 3 times louder than you think it is and the two 10-inch speakers deliver very strong sound pressure levels and good tone. This amp kicks hard and sounds sweet. Footswitchable from clean channel to overdrive channel (optional footswitch add \$35). The 3-band master EQ gives you buckets of control. You also get a presence control and an effects loop. Durable vintage blonde tolex covering with retro brown grille cloth. 12 months Aussie wide warranty and our exclusive 10-day money back satisfaction guarantee means you just can't go wrong. Weighs 14.5 kilos.

60 watts

Blues Cube 60/112 60 watts Normally \$1195

This is an incredible Venue deal on an amp of this quality...almost half-price and what else can you get for this sort of money ? The BC60 pumps out 60 watts (good loud watts) into a single 12-inch speaker for a big sound with plenty of tone. Small enough to fit in any boot yet gutsy enough to handle most gigs with ease. Footswitchable from a sparkling clean channel to an overdrive channel you won't believe is not tube. Roland technology shines again. The US made accutronics reverb is also footswitchable on/off. A special Rectiflex circuit on-board emulates two different types of power amp rectifiers to further expand your distortion options. Tone control is strong from the 3-band master EQ. Also included is a presence control and effects loop. Durable vintage blonde tolex covering with retro brown grille cloth. Looks cool, sounds great ! 12 months Aussie-wide warranty and our exclusive 10-day Aussie-wide money back satisfaction guarantee means you can buy with no risk because if you don't like it, we'll exchange it or refund the cost of the goods. 75 watts

Blues Cube 60/310 75 watts Normally \$1495

This amp is virtually a gift at this low price. You won't believe how happy you'll be once you hear how good this amp sounds and then realise how little you paid...just \$869 for an amp that normally sells for \$1500. The secret to this 75 watt amp is the amazing tone and sound pressure the three 10 inch speakers put out. Play it quietly and you'll enjoy a very tone rich warm sound. Turn it up past 4 and you'll blow away your mates Marshall stack...really ! The special Rectiflex circuit on-board emulates two different types of power amp rectifiers for even greater distortion variety. You can footswitch from the clean channel to the ballsy overdrive channel plus footswitch the US made Accutronics reverb on and off. The strong 3-band master EQ gives you buckets of tone control. You also get a Presence control and effects loop. Durable vintage blonde tolex covering with retro brown grille cloth. This really is a genuine bargain that will never be repeated. If you're after a new amp and we still have some of these left...buy one ! 12 months Aussie wide warranty plus our 10-day Aussie-wide money back satisfaction guarantee. Weighs 27kg. For optional double footswitch \$55

'MT4X 4-track Recorders were \$1100'

Voted 'The Best 4-track In It's Class' Keyboard Magazine

This is an outrageous deal on a superb 4-track that was \$1100. It makes 4-track recording easier and more productive than ever with advanced features like 3-band EQ per channel so you can do some serious tone shaping while recording or mixing down. The dual auxiliary sends with stereo returns give you control over two separate effects units without the annoying need to re-patch. The MT-4X enables you to record all 4-tracks at once or build-up your recording over up to 10-tracks for a lush thick professional quality sound....best of all, it's so easy to use.

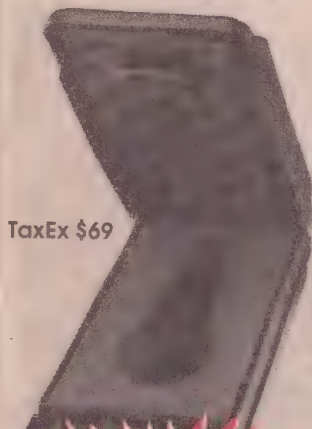

You also get flexible monitoring capability, auto punch in and out with rehearsal mode and more. The MT-4X is also the most powerful recorder in it's class. You get precise 2-speed tape transport plus pitch control. The auto punch-in/punch-out function allows you to easily correct mistakes or just 'drop-in' to selectively add a small segment of recording while you just concentrate on your playing...the MT-4X does the rest...smoothly, silently and professionally. Built-in dbx noise reduction guarantees a crisper cleaner result. MIDI sync allows you to lock to MIDI on a sequencer or computer etc. The bright fluorescent control panel makes operation easier and more efficient by concentrating all the information you need to see in a single display. If you're serious about home recording then the MT-4X just can't be beaten and neither can this amazing Venue Music price.

12 months Australia wide warranty and we can quickly and safely deliver your MT4X anywhere you are with our famous 10-day money back satisfaction guarantee. In stock now. For home delivery anywhere in Australia just add \$20 to the above price.

Roland SALE

'VS880 + FREE 2.1 gig & FREE Effects'

This is a massive \$606 less than our last catalogue special!

You get over \$5,300 worth of quality Roland product for just \$2789 delivered. No other store in Australia can offer deals like this but be warned stocks are limited so be quick or you may miss out!

The VS-880 is the worlds most popular digital recording workstation with over 100,000 sold...now you can afford to enter the realm of digital recording also.

NO MORE TAPES...

The VS-880 uses a massive 2.1 gig internal hard-drive to record your music on. Imagine no more nolsy stretchy tapes. This internal hard-drive can be recorded and wiped time after time. It works just like a computer and stores your music as digital data. The sound quality is CD perfect and with a hard-drive of this size you can record for up to 120 minutes of broadcast quality sound. Up to 64 tracks can be attained so you'll never run out of recording power again.

NO MORE NOISE...

With digital recording there is no more tape hiss, no more wow and flutter, and no crosstalk. It's like the difference between AM and FM radio. You won't believe the results.

TOTAL EDITING FREEDOM...

With no tape, you don't have to rewind or fast forward anymore...Imagine instantly arriving at any point in your music. You can cut, copy, move, delete. You can 'cut and paste' one track or multiple tracks and because it's all digital you never sacrifice sound quality. You can store up to 1,000 markers per song to instantly recall any point in your music. You won't believe how fast and how easy it is to record and edit on this machine.

FULL-ON DIGITAL MIXING....

The mixing power of the VS880 was a music producers dream just a few years ago...now you too can have this mixing power in your bedroom.

You can simply plug in your guitar or mic with the familiar jack plug inputs. You can record up to 4 channels simultaneously on four tracks. The mixer features a stereo AUX send and a built-in parametric EQ so you have huge tonal control over your sound. The COSM based mic simulator emulates the sound of classic mics into your recordings...this thing can be as sophisticated as you like or you can just plug in your guitar and hit record. It's designed with musicians in mind and you don't have to be a computer genius to work it.

FREE DIGITAL EFFECTS ON-BOARD...

This amazing deal not only includes a 2.1 gig hard drive, you also score a free \$700 stereo effects board so all the effects you need to make your recordings sound as professional as possible are at your fingertips. You get 100 excellent factory presets and 100 user patches of reverbs, delays, overdrives, distortions, chorus, flanging and more. Top quality Roland effects built-in!

MAKE YOUR OWN CD's....Imagine making your own CD's...mmm!

Imagine burning your own CD's direct of the VS880...well you can. You can make your own CD's at home and sell them at the gig. The optional JVC burner can also be used to store your excess music data. Normally \$1495 but when you buy a VS880 for \$2789 you can grab the burner for only \$1175 extra for a total package price of only \$3964. Where's that phone?

VS-880 Recorder features....

64-tracks (8 tracks x 8 virtual tracks)	Simultaneous playback on 8 tracks
Simultaneous record on 4 tracks	2.1 Gigabyte internal hard drive
SCSI port	MIDI Time Code and MIDI Machine Control sync.

VS-880 Digital Mixer features...

24-bit signal processing	8-channel recording buss
3-band EQ x 8 channels	3-band EQ x 14 channels
18-bit A/D & D/A conversion	Auto mixing function

Other groovy features...

MIDI In/Out/Thru	Large custom LCD	200 song memory
Snap Shot mode	COSM-based mic simulator	Enhanced drive functions

YAMAHA

DSP
FACTORY

NEW

**It's here...
The New DSP Factory**

Digital Mixing Card \$1995
Audio Expansion Unit \$595

The new Yamaha DSP Factory is the most powerful digital audio card on the market today and will give your computer studio some 'kickass' performance. The secret is the separate processing power of the DSP not relying on your own computers CPU which makes all functions of the card available simultaneously. This provides a level of flexibility and performance previously not possible. A built-in audio-streaming engine provides 16 tracks of recording/playback of 32-bit audio to and from the computer's disk drive. Please call for more information and software support details on this amazing new product from Yamaha.

Mackie MS1202VLZ

Normally \$995

SALE \$789 TaxEx \$649

The Swiss Army knife of compact mixers. For 5 years the old 1202 worked with everyone from superstars to everyday home studios. All that time Mackie received 1000's of suggestions on how to improve it. This is the result. Same great value. Same rugged construction but with some exquisitely handy new goodies that make it an even more effective tool for your recording or live performance. 3-band sweet-sounding musical EQ, Mute/ALT 3-4 Bus - an extra stereo bus. LO CUT Filter on mic channels - a must for live applications. Balanced ins/outs everywhere - to cut long cable hum and buzzes...and more!

The MS1202 has inspired a lot of good copies but you can't own a better mixer than the original whether you're using it for recording, live sound, video or multimedia. Aussie-wide warranty and our 10-day money back satisfaction guarantee starts upon delivery.

New VLZ (Very Low Impedance) design - 60dB of gain - Low Cut Filter on channels 1-4 - 3-band eq now on all channels - Mute/Alt 3-4 function routes signal to an alternate stereo output - Balanced in and outs almost everywhere - PFL Solo on every channel - Balanced XLR main outs with switchable 30dB pad - Control Room/Phones Source allows combinations of signals, which can be re-routed back to Main Mix - Rack mount brackets available for extra \$39

We sell heaps of them because you get such BIG mixer features in a super compact format. Ideal for almost any musical application from the smallest MIDI studio to the biggest film production. You get long 60mm faders controlling 12 total channels, 8 mono and 4 stereo with 4 superb mic preamps. The 2-band EQ is strong and musical, you get 2 aux sends plus 2 stereo returns plus balanced ins/outs everywhere. When you consider the amazing headroom, Ultra-Low Noise circuitry, super quiet mic preamps and amazingly pure audio of these mixers you'll have trouble believing these great low prices. **5 year Aussie-wide warranty. Aussie-wide 10-day money-back satisfaction guarantee.**

BEHRINGER Eurorack MX2004ULN

Normally \$999

SALE \$899 TaxEx \$799

Astounding value for 20 channels, 4 buses, 3-band EQ with swept mids and all mic channels, 4-band EQ on the stereo channels, 2 aux sends, aux 1 with individual pre/post switch, Peak, Mute and Solo LEDs, Alt 3-4 bus with fader and more!

Project or MIDI studio, live mixing, video post production, fixed installations whatever you need to mix the MX2004-ULN will do a better job for you and just look at the price. Comprehensive musical EQ, super quiet mic preamps, precise faders not to mention features found on mixers costing many times this price like 3-band EQ with swept mids on the mono or mic channels and 4-band EQ on the stereo channels. You simply can't cram more mixer into such a small space.

Road rugged and built for the long haul the MX2004 has a super-strong, solid-steel chassis with sealed rotary pots. You also get 19 inch rackmount ears included in the price. Everyone needs great features, but the most important thing is pure transparent sound and ultra-quiet performance. That's why you can count on the 2004 mixer to stand tall in any live mixing or studio application.

5 year Aussie-wide warranty. Aussie-wide, 10-day money-back satisfaction guarantee.

SALE \$1619 TaxEx \$1439

The Euroracks from Behringer achieve a high standard of excellence for analog rackmount mixers. The audio performance of both is broadcast quality and contain many features found on the top-of-the-line Behringer consoles. Choose from these 2 configurations.

MX2804 16 total channels, 2+2 buses, 8 mono ins, 6 stereo ins, 8 mic preamps, 3-band EQ + low cut, 4 aux sends, 4 stereo aux returns, 1 control room out, Solo, PFL, longer 60mm faders, rackmountable.

MX2642: As above except 8 mono ins, 4 stereo ins, 4 mono subgroup outs, 4 assignable subgroups, rackmountable. The ALT 3/4 output bus gives you the extra flexibility you need for any kind of recording session. Instead of simply 'muting' the channel signals, they're routed to an additional stereo bus, ALT 3/4. Really useful as an extra subgroup in multitrack recording.

5 year Aussie wide warranty and Aussie-wide 10-day money back satisfaction guarantee.

Don't think the Passport isn't good enough to handle pubs and clubs because it is. It delivers a powerful, full-range professional sound. Vocals sound big and full, acoustic guitars sound rich and natural, drum machines kick hard...this PA is built for gigging too...and best of all it's portable!

The 2 speaker enclosures each contain 4 highly-efficient 16.5cm speakers that deliver loud clean sound and can be stand mounted (optional extra \$199pr) for even more projection. The international voltage capability means you can use your Passport in almost any country in the world and with the optional 12-volt converter (\$199) it will run for hours and hours on a 12 volt car battery. The entire Passport system packs up into itself (see below) and weighs only 24 kilos. Anyone can set it up and use it within minutes. The system includes 2 good mics and all the necessary cables you need to make sound.

The Passport has a huge 5 year Aussie-wide warranty and we offer anyone who orders a 10-day money-back satisfaction guarantee that starts from the day of delivery. Congratulations Fender on such a well designed product.

**Yamaha MT4X****4-track cassette recorders****SALE \$729**

This is an outrageous deal on a superb 4-track that was \$1100. It makes 4-track recording easier and more productive than ever with advanced features like 3-band EQ per channel so you can do some serious tone shaping while recording or mixing down. The dual auxiliary sends with stereo returns give you control over two separate effects units without the annoying need to re-patch. The MT-4X enables you to record all 4-tracks at once or build-up your recording over up to 10-tracks for a lush thick professional quality sound....best of all, it's so easy to use. You also get flexible monitoring capability, auto punch in and out with rehearsal mode and more. The MT-4X is the most powerful recorder in its class. You get precise 2-speed tape transport plus pitch control. The auto punch-in/punch-out function allows you to easily correct mistakes or just 'drop-in' to selectively add a small segment of recording while you just concentrate on your playing...the MT-4X does the rest...smoothly, silently and professionally. Built-in dbx noise reduction guarantees a crisper cleaner result. Midi sync allows you to lock to midi on a sequencer or computer etc. The bright fluorescent control panel makes operation easier and more efficient by concentrating all the information you need to see in a single display. If you're serious about home recording then the MT-4X just can't be beaten. 12 months Australia wide warranty and we can quickly and safely deliver your MT-4X anywhere you are with our famous 10-day money back satisfaction guarantee. Good stocks for Christmas/New Year.

TaxEx only \$619**Roland VS-840****Digital Studio Workstations****SALE \$1999**

You save a big \$500 on the sensational Roland VS-840 with FREE internal effects and FREE internal ZIP drive. This powerful machine is a guitarist's dream come true because it's so well designed, sounds so good and it's so easy to use. You just plug in your guitar, dial up an awesome guitar sound from the effects inside and press record! You can record 4-tracks at once, playback 8-tracks at once, and use up to 64-Virtual tracks to create different versions, test out solos or ideas all whilst retaining the original tracks. When you come to mixdown, just select the best 8-tracks to create your final mix...it's easy and it sounds great! The built-in ZIP drive records your music digitally on to ZIP disks. Each disk holds 100Meg or up to 75 minutes of recording time...CD-quality recording mind you. Disks can be wiped just like a tape or you can build-up a library of all your recordings.

Perhaps the greatest thing about the VS-840 is it's ease of use. It has been really well designed right down to the jack-plug guitar socket on the back. The new 'EZ Routing' function makes it so easy to use...the machine almost tells you what to do. The 200 built-in stereo effects presets and 'COSM-based' guitar amp simulators mean you can pull great vocal sounds, guitar sounds or drum sounds in seconds. Speed is what it's all about when you're recording ideas and the VS-840 is built to burn.

The digital power of the VS-840 gives you all the editing functions you could dream of like cut, erase, move, copy, exchange or insert your music....no more boring fast-forwarding and rewinding, the VS-840 moves instantly around your songs and no matter how much editing you perform, you can never sacrifice your recording quality like you do with tapes.

Your professional digital mixing is powerful and offers 8 mix 'Scenes' that store all your settings and effects routing for instant recall. The powerful 3-band parametric EQ on each channel provides tons of tone control and the Mute and Solo Modes isolate channels or select specific channels you wish to monitor. The VS-840 can be synced to any MIDI sequencer and with the optional SCSI interface you can store data to CD-R. You can also convert VS-880 data to and from the VS-840. You'll be amazed at the power and sophistication but thrilled about how easy-to-use it all is to use. Please call for more information if you need. 12 months Aussie wide warranty and don't forget our 10-day money back satisfaction guarantee is yours with all delivered goods. Call for more information or help if you need.

Normally \$2499**Tax Free \$1799****Roland VS-880EX Normally \$3995...call for our weekly specials!**

The original VS-880 caused a sensation...the upgraded VS-880EX offers superior sound, greater expression and easier operation all for the same low price as the original version.

Even greater sound quality: The VS-880EX now features the same sound quality as the expensive VS-1680 (see below) **Built-in Effects:** No longer an optional extra, the VS-880EX is factory loaded with all the stunning quality stereo effects you'll ever need to make your music sound professional. From digital reverbs, delays, choruses to mic simulation, COSM based guitar preamps and voice transformers. You get 210 superb preset patches for instant recall.

Simultaneous 8-track recording: Is now available on the 880EX. Ideal for recording live bands or recording multiple sound sources of a MIDI system. The configuration of the 64-Virtual Tracks has been upgraded to comprise two banks, A and B. Each bank is independent. If bank A is being used for a work in progress, B can be used as a sub bank for countless musical ideas.

8 Inputs and Outputs: All analog inputs are balanced, and the digital inputs are optical or coaxial compatible. The eight outputs consist of four analog and two digital stereo outs. All eight outputs can be used for direct track output.

High Performance Digital Mixing: 8-in, 8-out, 16-Channel Mixing with dedicated 2 or 3-band EQ per channel. The digital outputs are assignable. The 'Auto Mix' feature memorises continuous channel fader or pan movements to be accurately reproduced for pro-sounding mixes. Up to eight mixer settings per song can be stored as 'scenes' and called up at any time, perfect for instantly comparing different mixing settings.

Freedom in Digital Editing: Powerful non-destructive digital editing allows you to perform unlimited editing functions without damaging data and random access ensures smooth access to any point in a song. You won't believe the editing Time Compression/Expansion allows your music to be stretched or squeezed to a certain time frame. Perfect for editing 30 second commercials etc.

Fully Compatible Sync Functions: MMC and MTC compatible. Syncs to any MIDI sequencer and other VS-880EX.

Easy Operation: The EZ Routing function enables quick and precise operation even for total beginners. From recording to track bouncing and effects processing during mixdown, let EZ Routing guide you every step of the way.

12 months Aussie wide warranty and our 10-day money back satisfaction guarantee is yours.

**Roland VS-1680 Normally \$4995...call for weekly specials!**

The VS-1680 24-bit digital studio workstation will take you where only professionals have been before. It offers music production capabilities on a par with the best cutting-edge professional studios. This single desk-top workstation handles recording, effects processing, mixing and even original CD-mastering, all completed with a consistent high-level of precision that was once the exclusive domain of the pros.

Up to 256 V-Tracks: The VS-1680 provides up to 8-tracks of simultaneous recording and up to 16-tracks of simultaneous playback. Each of the 16 tracks also contains 16 Virtual tracks for a grand total of 256 V-Tracks. You will never run out of tracks again. The latest 24-bit internal processing (including mixing and effects) deliver awesome recording quality. The VS-1680 sounds rich and full with sparkling dynamic range for CD-quality results.

Massive Effects Power: The optional VS8F-2 effects board was specially designed for the VS-1680 to offer the user a world-class choice of top-quality stereo effects to enhance your recordings. The lushest reverbs, delays and choruses through to onboard guitar preamps through to Lo-Fi vocal transformers are at your disposal. Choose from 210 sensational presets...just press a button and the effect is instantly available...it's all built-in!

Awesome Digital Mixing Power: You get full 26-channel Digital Mixing power over 10 inputs and 12 Outputs. You can just plug in your guitar or mic with a Jack or cannon or you can use the coaxial or optical digital ports. The XLR inputs are all balanced and carry phantom powering for your condenser mics. Each channel has it's own 2-band or 3-band parametric EQ. EQ curves are set on the large graphic display.

Designed For Easy Operation: Anyone can quickly learn to use the VS-1680. The large Graphic LCD gives you an overall view of all relevant settings for all channels. The luminous buttons indicate status via flashing and solid colours...red, green or orange. By interacting with the machine using these lights, you can quickly set and verify the input routing, for example. The pro-grade EZ Routing feature facilitates the handling of complex operations from recording settings to effect settings when mixing down. Routing can be user customized and called up as templates with a single touch. You can organise recording and editing jobs by date and order completed.

Complete Editing Freedom: No more time wasted on fast-forwarding or rewinds. The amazing power of digital editing. Tracks can be copied, moved, inserted, exchanged, cut, erased...all seamlessly without losing data or quality. All 256 tracks can be named. Time compression and expansion allows you to fit music to precise times. Up to 1000 marker points in a single song can be inserted. The power is astonishing and very time liberating.

Complete Auto-Mixing: The auto-mixing feature can store a sequence of changing fader and pan settings and then automatically reproduce them later. The Scene Function is perfect for listening and comparing different settings or checking temporary edits. This function can also store numerous fader, pan, effects and EQ settings.

Original CD Mastering/Data Storage: Burn your very own CD's directly off the VS-1680 with the optional Roland VSCDR. Imagine having total control over every aspect of your music from the very source to the finished product and imagine it being in your own home. The built-in SCSI interface allows you to add optional Zip/CD-R drives for further data storage and back-up.

Powerful Sync Function and Data Compatibility: You can sync the VS-1680 to other devices using MTC and MMC. Using a tempo map or sync track you can sync your song data with almost any MIDI sequencer. You can also convert and copy song data created on a VS-880EX or VS-840 using the Song Import function.

12 month Aussie-wide warranty and 10-day Aussie-wide money back satisfaction guarantee.

SPEAKER LEADS

6 foot jack to jack from guitar/bass head to speaker	\$12.95ea
30 foot, jack to jack, superior quality	\$20ea
50 foot, jack to jack, superior quality	\$25ea

TIP: Never use a guitar or instrument (shielded) lead for a speaker lead. It not only damages your sound and your amp they can sometimes even catch fire !

MIC LEADS

20 foot, 3-pin cannon to 1/4in jack (unbalanced)	\$25	(\$16 TaxEx)
20 foot, 3-pin cannon to cannon (balanced)	\$29	(\$19 TaxEx)

TIP: Always use balanced cables from your mike to your mixer if you can. They're far less susceptible to outside interference and you can run much longer cable lengths (up to 30m) if you need. Balanced cables can be joined together for longer cable runs. Just give us a call if you're confused...we know all this stuff !

MIDI LEADS

3 foot, top-quality shielded cable, strong 5-pin plugs	\$8ea	2 for \$15
6 foot	\$10ea	2 for \$18
10 foot	\$13ea	2 for \$23
20 foot	\$17ea	2 for \$29

TIP: Always use the shortest MIDI lead for the job. MIDI leads should never be longer than 20-225 feet in one span or weird timing problems may start to occur.

PREMIER

Virgil Donati and David Jones can't be wrong!

This British drum legend returns better than ever with expensive features like new eucalypt shells, newly designed flush folding hardware, uniball tom mounting, new diamond chrome plating...but more importantly that famous Premier sound drummers have demanded since 1939 can be yours. In stock now we have for your consideration a few limited edition retro finish 'swirl' kits. These are replicas of the classic sounding kits of the 50's and 60's but with year 2000 features. Colours available black swirl, pearl white swirl, red swirl and deep blue swirl.

Please call Nick or Andrew for more information on these and all other Premier kits in stock.

ADAM WARNOCK

City Guitars/Amps/Effects

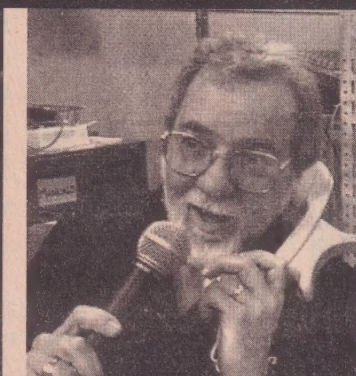

Ask for Adam in our busy City store and he'll answer all your questions on acoustic and electric guitars, amps & effects. Adam has over 15 years of live and studio experience and has been with Venue around 5 years.

ROBERT McMULLAN

City Jazz & Classical Guitars

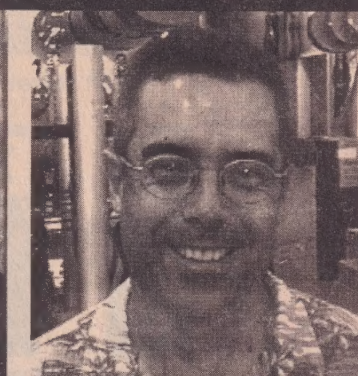

Rob is Venue's Operations Manager & responsible for keeping both stores rockin' hard with tons of stock and ever faster deliveries. He is also a very fine jazz & classical guitarist who does lots of solo gigs. Over 10 yrs with Venue Music.

BARRY TAYLOR

City PA/Mikes/Mixers/Amps

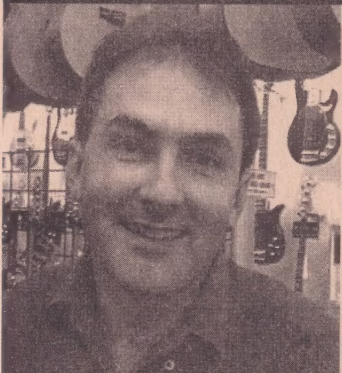

Over 17 years with Venue plus 15 years experience before then. Barry has vast experience of almost everything we sell but his main speciality is Sound and PA. He personally has sold more PA systems throughout Australia than anyone else.

ROBERT BRAMLEY

City Guitars/Amps/PA/Mics

Along with Barry started Venue Music 17 years ago. Now I'm responsible for this catalogue you're reading. I also just survive guitars and I think I know quite a lot about them. Old, new vintage... buy, swap, sell... call me!

PETER JAMES

Parramatta Keys/MIDI/PA

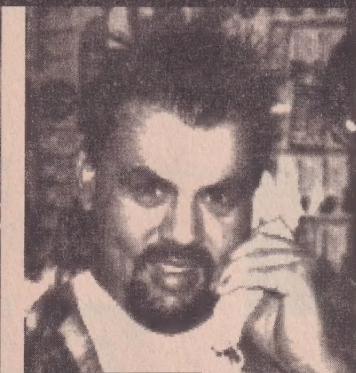

Peter is our unflappable Parramatta store manager and MIDI/PA guru. No-one has a vaster knowledge so if you need friendly help or advice in this area then give him a call. Been with Venue for over 5 years. On ya Pete.

NAT CORREY

City Guitars/Effects/Amps

Nathan describes himself as the worlds noisiest most maniac guitarist who runs everything on 11. Nat works in our busy City store & has huge knowledge of all electric & acoustic guitars, amps and effects. If you're after a special sound or need quality help ask for him personally.

GINO MUSICO

Parramatta Bass/Gtrs/Amps

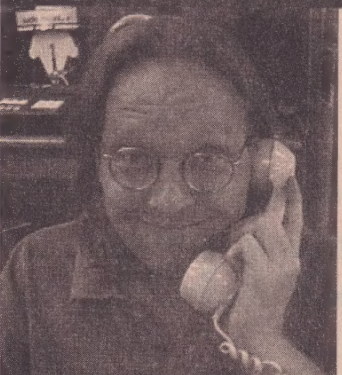

Gino is one of those mad bass players who's always looking for the loudest cleanest sound. You'll find him at Parramatta either talking about bass amps or bass guitars or V8's or what pizza he's having for lunch. Gino also knows heaps about guitars, fx & amps.

NICK PANSINI

Parramatta Drums/PA/MIDI

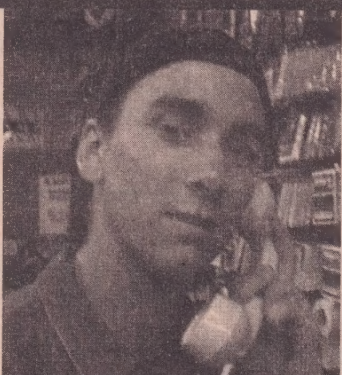

Nick is our walking Drum Dept. If you need drums, wanna talk about drums or cymbals then you'll find Nick in our busy Parramatta store. He also knows heaps about home recording, mikes and PA equipment and is a top bloke.

STEWART GILLIES

City Keys/MIDI/PA/Rc'rdng

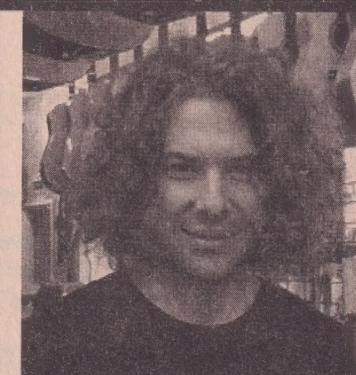

Stew is our City keyboard/MIDI guru who also plays a pretty mean drums. Stew is mentally loaded with all the goodies you'll ever need in the MIDI/Software/Recording arena and you'll find him on the first floor in our City store. Been with us for years on & off.

MATT HEATH

City Gtr Tech/P'ups/Repairs

Matt is our City store guitar technician and pickup whizz. He is famous for setting up guitars with the action to die for. His knowledge of guitar construction and electronics is immense. If you need a set up or your guitar is sounding suss, then call him!

ANTONY BROWN

City PA/MIDI/Recording

You'll find Brownie in the City store also. An awesome guitar player who won an International Fender competition in 1987 picking up a year at the famous Giff in Los Angeles. Talk to him about gtrs, amps, PA, MIDI, recording & effects.

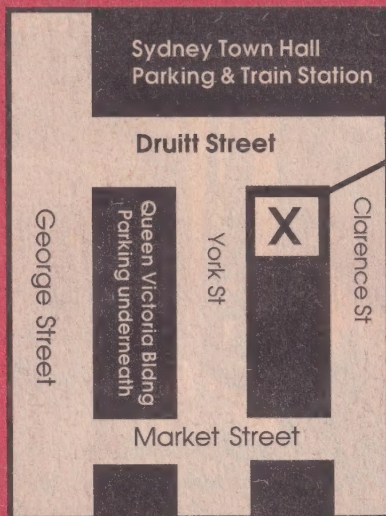

'JJ'

Parramatta Gtrs/Amps/FX

John is our Parramatta guitar hero and guitar technician. If he can't help you with any guitar or guitar problem then no-one can. Electrics, acoustics, bass, pickups, action, problems check it out with JJ.
